

# Online APHASIA RESEARCH for Stroke Survivors

**Who** Stroke survivors with aphasia and/or speech difficulties.  
Contact us for eligibility.

**What** Research study about life participation, stress, and mood.

**How** about 3 study sessions  
online via Zoom

## Activities

- Tests of language and thinking
- Questionnaires: participation, stress, mood, confidence
- A short interview with communication supports

**Earn up to \$90 (gift cards)** for study completion.

This study is not treatment – it provides no direct benefit to you – but will help develop clinical care and further stroke research. Thank you, research participants!

## Research Team

Rebecca Hunting Pompon, PhD  
ARO Lab Director

Patrycja Puzio, MA, CCC-SLP  
Research SLP
